## Testimonial from a Parent

My family and I would like to take this opportunity to recognize Gabi and Daniel for their outstanding contribution to my son's education. We can honestly say both of these individuals, Gabi for Math and Daniel for English, have made a recognizable contribution to my son's day-to-day learning and most important, his confidence. They have both gone above and beyond to support me (knowing that we had a few roadblocks) and to support my son and his learning styles.

As you may know, finding a Math tutor was not an easy task for us, but then we got Gabi. Recently my son was accepted to play basketball for the Toronto rep team and now has to attend practice every Wednesday night, which was his time with Gabi. Gabi did not hesitate to work with our new schedule to ensure he continues with her. Again, Gabi displayed her love for what she does best, teaching her students.

Over the summer, my son had the opportunity to work with a few different English tutors. He came to me to say, "I need Daniel back." That shows what a difference Daniel has made.

I recently requested both of these tutors to assist with helping my son develop some study skills. They both stepped up to the plate immediately to support us. We would like to thank SchoolTutoring for all their support over the last 10 months and for finding these two fabulous individuals to work for them. Please pass this thank you message to Gabi, Daniel and your management team.

*"We can honestly say both of these individuals, Gabi for Math and Daniel for English, have made a recognizable contribution to my son's day-to-day learning and most important his confidence."*
